Date of approval and commencement	2015
Last review date	August 2018
Last reviewer	Paul Grimsey Policy Manager, Sarah Mackereth
Next review date	August 2020

1. How we will support you to travel to social care support and services

- 1.1. This guidance summarises how we apply the principles of eligibility for adult care and support in the Care Act 2014 to travel and transport.
- 1.2. Where someone needs to travel to get an adult social care service or source of support that has been assessed as necessary to meet eligible needs under the Care Act we will help them find a way to get there.
- 1.3. Where someone can get to a service or source of support themselves, we will expect them to do so. Where someone has difficulty in doing this we will help to the most appropriate transport option for them.
- 1.4. Devon County Council will fund or arrange transport if it is the only reasonable way of making sure that a person can safely get to a service or a source of support that is needed to meet their eligible needs.
