

MS6 Sign cleaning

A BASIC EQUIPMENT REQUIRED

Personal Protective Equipment (PPE)

Traffic Management (TM)

Ensure that sufficient TM signs and equipment are carried appropriate to the task and site.

Basic Tools and Plant/Equipment

The above is a guide. It is the Road Warden's responsibility to ensure that the PPE, TM and tools and equipment are suitable or sufficient for the job.

B Method Statement

1. Advise Neighbourhood Highway Officer (NHO) and carry out risk assessment.
2. Set up appropriate traffic management. Refer to the TM flowchart and install the appropriate Traffic Management in accordance with Chapter 8 of the Traffic Signs Manual/ Safety at Streetworks and Road Works Red Book.
3. Over time dirt or moss and algae can build up on road signs making them unsightly or even obscured.

4. Signs should be cleaned with soapy water and a cloth or mop if sign too high to reach unaided.
5. Abrasives, stiff brushes or scourers **must not** be used as they will remove the reflective and protective surface of the sign.
