

### Appendix 1 - Statutory & non-statutory sites within Wembury parish (2010) Enq no. 4822

| File Code | Site Name                      | Grid Reference                      | Area (ha) | Description   | Status |
|-----------|--------------------------------|-------------------------------------|-----------|---|--------|
|           | Plymouth Sound and Estuaries   | SX465502                            | 6386      | Estuaries, mudflats, sandbanks, large shallow inlets and bays   | SAC    |
|           | Plymouth Sound Shores & Cliffs | SX442488,<br>SX448513 &<br>SX487512 | 45        | Open coast and sheltered bays including shore communities with a south-western influence. (Boundaries follow Mean Low Water). | SSSI   |
| SX54/015  | Wheal Emily                    | SX 540498                           | 0.4       | Vein carrying lead-antimony mineralisation  | gSSSI  |
| SX54/001  | Wembury Point                  | SX500483                            | 140.9     | Coastal grassland, gorse and scrub with bird interest   | SSSI   |

|          |                     |          |      |  |      |
|----------|---------------------|----------|------|--|------|
| SX54/008 | Yealm Estuary       | SX550505 | 85.9 | Drowned river valley with diverse range of biological communities          | SSSI |
| SX54NW1  | Wembury Point       | SX498484 | 70.6 | Coastline, cliffs and foreshore  | RIGS |
| SX54/009 | Wembury House Field | SX535492 | 2    | Semi-improved neutral grassland  | OSWI |
| SX54/010 | Clitters Wood       | SX537481 | 7.8  | Ancient semi-natural woodland  | OSWI |
| SX54/012 | South Wembury Wood  | SX540489 | 10.5 | Mixed plantation on an ancient woodland site                               | OSWI |
| SX54/013 | Wembury Dip         | SX538493 | 5    | Semi-improved neutral grassland & secondary broadleaved woodland           | OSWI |
| SX55/034 | Higher Train        | SX519506 | 3.1  | Ancient semi-natural woodland partly replanted with conifers               | OSWI |
| SX55/035 | Park Wood           | SX515502 | 7.9  | Ancient semi-natural woodland partly replanted with conifers & broadleaves | OSWI |

|          |                              |          |      |   |      |
|----------|------------------------------|----------|------|---|------|
| SX55/037 | Knapps & Andron Woods        | SX527510 | 10   | Ancient semi-natural woodland, secondary broadleaved woodland & scrub | OSWI |
|          | Train Wood Field             | SX533508 | 5.2  | Semi-improved/unimproved grassland                                    | UWS  |
|          | Millditch Brake              | SX501491 | 2.4  | Semi-improved/unimproved grassland, scrub                             | UWS  |
|          | HMS Cambridge                | SX499486 | 9.7  | Unimproved/semi-improved grassland                                    | UWS  |
|          | Higher Train Field (W)       | SX516507 | 7.5  | Semi-improved/unimproved grassland                                    | UWS  |
|          | Higher Train Field (E)       | SX520509 | 3.1  | Semi-improved grassland & scrub adjacent stream                       | UWS  |
|          | West Wembury                 | SX525496 | 1.5  | Semi-improved/unimproved grassland, scrub                             | UWS  |
| SX55/097 | Park Wood (E)                | SX520503 | 2.8  | Possibly wet woodland/scrub   | UWS  |
|          | Renney Lentney Camp          | SX494490 | 2.6  | Unimproved grassland and scrub with old quarries                      | UWS  |
|          | Langdon                      | SX515499 | 18.6 | Parkland  | UWS  |
|          | Wembury                      | SX530491 | 12.9 | Parkland  | UWS  |
| SX44/001 | Andurn Point to Bovisand Bay | SX493496 | 8.4  | Coastal grassland and scrub   | CWS  |

|          |                       |          |      |  |     |
|----------|-----------------------|----------|------|--|-----|
| SX45/001 | Bovisand              | SX490509 | 49.6 | Coastal grassland, gorse and scrub   | CWS |
| SX45/002 | Bovisand Valley       | SX497510 | 42.8 | Unimproved & semi-improved neutral grassland, scrub & secondary broadleaved woodland               | CWS |
| SX54/002 | Smallacombe           | SX512485 | 46.2 | Farmland, clifftop grassland, bracken and scrub with bird interest                                 | CWS |
| SX54/003 | Churchwood Valley     | SX520491 | 15.8 | Broadleaved woodland and scrub, unimproved and semi-improved neutral grassland with bird interest. | CWS |
| SX54/004 | Ford Wood             | SX520494 | 9.8  | Broadleaved plantation on an ancient woodland site   | CWS |
| SX54/005 | New Barton            | SX535480 | 20.5 | Mixed farmland with bird interest  | CWS |
| SX54/008 | Yealm Estuary         | SX545496 |      | Estuary and associated habitats  | CWS |
| SX54/014 | Yealm Meadow          | SX538486 | 5.6  | Unimproved neutral grassland   | CWS |
| SX55/038 | Wembury & Train Woods | SX540501 | 50.8 | Ancient semi-natural woodland  | CWS |

**Special Areas of Conservation (SAC):** these are notified by Natural England because they contain species and/or habitats of European importance (listed in the Habitats Directive 1994), and are part of a network of conservation sites set up through Europe known as the Natura 2000 series. On land, almost all candidate SACs are, or will be notified as SSSIs. Natural England needs to

be consulted before any operations likely to damage the special interest are undertaken. SAC is a statutory designation with legal implications.

**Sites of Special Scientific Interest (SSSI):** these are notified by Natural England because of their plants, animals or geological features (the latter are geological SSSIs or gSSSI). Natural England needs to be consulted before any operations likely to damage the special interest are undertaken. SSSI is a statutory designation with legal implications.

**County Wildlife Sites (CWS):** these are sites of county importance for wildlife, designated on the basis of the habitat or the known presence of particular species. This is not a statutory designation like SSSIs, and does not have any legal status. County Wildlife Sites are usually included in Local Plans as sites of substantive nature conservation interest and are covered by Planning Policy Statement note nine (PPS9). CWS recognition does not demand any particular actions on the part of the Landowner and does not give the public rights of access. However, it may increase eligibility for land management grants.

**Other Sites of Wildlife Interest (OSWI):** these are sites of significant wildlife interest within a local context that have been surveyed but do not reach the criteria for County Wildlife Sites. They are not covered by PPS9, but may be included in Local Plans.

**Unconfirmed Wildlife Sites (UWS):** these are sites identified as having possible interest but not fully surveyed. Some of these sites will be areas of significant wildlife interest.

**Regionally Important Geological and Geomorphological Sites (RIGS):** these are earth science sites that are of regional or local importance. Like CWS, they are included in Local Plans and referred to under PPG9.

### Legally protected & notable Species within Wembury parish (2010)

| No | Common Name            | Scientific Name                 | Location                 | Date | Grid Reference | UK protection     | International protection | Status                  |

**NERC 41**     **NERC Act (2006) Section 41:** Species listed under Section 41 of the Natural Environment and Rural Communities Act (2006). These are the species found in England which have been identified as requiring action under the UK BAP. All local authorities and other public authorities in England and Wales have a duty to promote and enhance biodiversity in all of their functions.

**WCA 1**        **Wildlife and Countryside Act (1981) Schedule 1:** birds which are protected by special penalties at all times.

**WCA 5**        **Wildlife and Countryside Act (1981) Schedule 5:** species protected against killing, injury, disturbance and handling.

**WCA 5 (S)**    **Wildlife and Countryside Act (1981) Schedule 5: (sale):** species protected against sale only.

**WCA 5 (KIS)** **Wildlife and Countryside Act (1981) Schedule 5: (killing & injury):** species protected against killing, injury and sale only.

**WCA 6**        **Wildlife and Countryside Act (1981) Schedule 6:** animals (other than birds) which may not be killed or taken by certain methods

| <b>ECIIIa, IIIb</b> | <b>EC Directive on the Conservation of Natural Habitats and of Wild Fauna and Flora (Habitats &amp; Species Directive) Annex IIIa and IIb:</b> Species used as criteria for designating Special Areas of Conservation (SACs).                  |
| <b>ECIVa, IVb</b>   | <b>EC Directive on the Conservation of Natural Habitats and of Wild Fauna and Flora (Habitats &amp; Species Directive) Annex IVa:</b> Exploitation of listed animals and plants to be subject to management if necessary.                      |
| <b>Bonn II</b>      | <b>Convention on the Conservation of Migratory Species of Wild Animals (Bonn Convention) Appendix II:</b> Range states encouraged to conclude international agreements to benefit species listed.  |
| <b>UKBAP(P)</b>     | <b>UK Priority Species (Short and Middle Lists - UK Biodiversity steering Group Report 1995)</b> i.e. species that are globally threatened and rapidly declining in the UK (by more than 50% in the last 25 years). Has a Species Action Plan. |

**DBAP**      **Devon Biodiversity Action Plan species:** these have been identified as species of key conservation concern in Devon.

**NS**          **Nationally Scarce:** 15-100 10km squares in Atlas of British Flora 1962.

**Devon Notable Species:** Selected species recorded from over 50 2km squares in the Atlas of Devon Flora 1984 (R.B. Ivimey-Cook, Department of Biological Sciences, The University of Exeter).

**DN1**          **Devon Notable<sup>1</sup>:** 1-25 2 km squares in Atlas of Devon Flora 1984.

**DN2**          **Devon Notable<sup>2</sup>:** 26-50 2 km squares in Atlas of Devon Flora 1984.

**DN3**          **Devon Notable<sup>3</sup>:** Selected species recorded from over 50 2 km squares in Atlas of Devon Flora 1984.

**DR**          **Devon Rarity:** native species recorded from 3 or fewer localities within Devon.

**Na**          **Nationally Notable A:** known from 30 or fewer 10km squares. Taken from the Invertebrate Site Register.

**Nb**          **Nationally Notable B:** known from 100 or fewer 10km squares. Taken from the Invertebrate Site Register.

**Decline**      Substantial local decline in Devon

**Red List**      Bird species of high conservation concern, such as those whose population or range is rapidly declining, recently or historically, and those of global conservation concern.

**Amber List**    Bird species of medium conservation concern, such as those whose population is in moderate decline, rare breeders, internationally important and localised species and those of unfavourable conservation status in Europe.

### **ENDANGERED (EN)**

A taxon is Endangered when the best available evidence indicates that it meets any of the criteria A to E for Endangered (see [Red List Categories and Criteria booklet](#) for details), and it is therefore considered to be facing a **very high risk of extinction** in the wild.

### **VULNERABLE (VUL)**

A taxon is Vulnerable when the best available evidence indicates that it meets any of the criteria A to E for Vulnerable (see [Red List Categories and Criteria booklet](#) for details), and it is therefore considered to be facing a **high risk of extinction** in the wild.
