Overview
2.6% of Devon employees in the Labour Force Survey had at least one day off sick in the previous week in 2014-16. This was above the South West (2.4%), local authority comparator group (2.5%) and England (2.1%) rates, but not significantly so.

Equalities
Nationally, there are higher proportions of sickness absence in the previous week from people living in the more deprived quintiles compared to the lesser deprived quintiles.
